

DUALMIKE

THE MICROPHONE THAT MODULATES FOR TWO

Revolutionize the communication rules with Dual Mike, the first microphone that allows a dual connection simultaneously: with your **CB**, through the connector 4 PIN 48 (or 4 PIN, 6 PIN), and with your **smartphone**, via Bluetooth.

With the CBTalk App, talk with whoever you want, wherever, without distance limits and with an excellent audio quality. Go further, go Dual.

CB MICROPHONE

Dual Mike is supplied with a 4 PIN 48 connector, that makes it compatible with the king of CB radios: Alan Quarantotto.

Dual Mike is also available in two further versions: 4 PIN and 6 PIN.

Choose your favourite color for the Light Ring and start talking with your travel friends.

BLUETOOTH MICROPHONE

The CB debuts online! Connect Dual Mike to your smartphone via Bluetooth and browse all functions of the CBTalk App.

No more limits or undesired users: Dual Mike lets you talk in an innovative and modern way.
