TANGENT TUNER II

Classic Hi-Fi - new technology

The new Tuner II is part of the mini HiFi system from Tangent. Combine it with the Ampster BT II & CD II, and you have a small Hi-Fi system with a big sound.

A premium radio tuner

The new Tuner II is a radio with fast and reliable access to many local and national radio stations, thanks to a high quality digital tuner. You can choose to listen via FM analogue as well as Digital DAB and new DAB+ bands whenever you like.

FEATURES

- DAB+/DAB/FM
- OPTICAL OUT
