

ATR1100x

UNIDIRECTIONAL DYNAMIC VOCAL/ INSTRUMENT MICROPHONE

The **ATR1100x** handheld microphone is tuned for clear audio reproduction. The mic's unidirectional polar pattern focuses pickup on the sound source and protects against feedback, making the **ATR1100x** a fine, all-purpose mic for vocals and instruments. Featuring an on/off switch and a permanently attached 3 m cable with a 3.5 mm mini-plug, the **ATR1100x** is an excellent choice for use with karaoke machines, computers, and PA systems. The mic comes with a desk stand and a 6.3 mm adapter.

- All-purpose mic tuned for clear audio reproduction
- Ideal for use with karaoke machines, computers, and PA systems, and in other vocal and instrument applications
- Focused pickup (unidirectional polar pattern) helps prevent feedback
- Permanently attached 3 m cable with 3.5 mm mini-plug
