Simple and Easy Setup

Ultra Short Throw Technology

Place the PL1H just 42cm away from the wall to experience a massive 120inch screen.

With a revolutionary Ultra Short Throw technology, the PL1H provides you with an incredible experience with minimal footprint in your lounge room.

Screen Size	Distance to Wall
A (inch)	B (cm)
80"	21 cm
90"	26 cm
100"	31 cm
110"	37 cm
120"	42 cm

Flexibility to Fit Your Space and Your Lifestyle

80"-120" Projection Size

Utilising Ultra-Short Throw Technology, the PL1H casts vivid images and vibrant lifestyles from 80" inches to a giant 120-inch screen. Just place the console at the right distance to vary the size.

A Bright, Vivid and Versatile Image

2100 ANSI Lumens

Experience a vibrant and colour picture with 2100 ANSI Lumens*. Even at 120", enjoy a cinematic experience with vibrancy, like no other.

*Peak Brightness

High Dynamic Range Enhances Details

High Dynamic Range

High Dynamic Range (HDR) opens up a whole new range of colours and contrast, so you can enjoy a stunningly vibrant picture with incredible depth and rich details.

TOP-FIRING SPEAKERS

Cinematic Audio-Visual Enjoyment

Dolby Vision • Atmos

Enjoy an authentic movie experience with cinema's leading technologies. Dolby Vision HDR dynamically optimises colour, contrast and brightness, so you can watch each scene as the creator intended. And with the sensation of sound moving all around and above you, Dolby Atmos can help you feel like you're right inside the action.

Watch As Intended by the Director

Filmmaker Mode

Watch your movies and TV shows the way the filmmaker intended. Filmmaker Mode enables a more cinematic experience on your Hisense TV by presenting a pure, clean expression and an original calibration from the director.

FILMMAKER MODE™

And Just Like That, It's on the Big Screen

Apple AirPlay 2 & HomeKit

Effortlessly share pictures, videos or stream your Apple device's screen directly to the PLIH using in-built Apple Airplay 2 connectivity, as well as having HomeKit functionality.

Apple, AirPlay, Apple Watch, HomeKit, HomePod mini, iPad, iPhone, and Mac are trademarks of Apple Inc., registered in the U.S. and other countries and regions.

Compact, Premium, Effortless

Premium Sleek Design

With a premium, minimalist design that packs all the essential features and ports, the PL1H is a small form factor package that packs a punch.

Watch the Big Screen in Comfort

Low Blue Light Design

Watch Comfortably, with no Eyestrain or fatigue. The image you see on Laser TV screen is reflected instead of directly into the eyes, which is consistent with human visual perception. Your eyes would stay comfortable even after long viewing sessions.

Safety Your Eyes

Eye Protection

Auto-Laser shutoff when something gets too close to protect your eyes. Also, a great way to keep kids from touching the Laser cinema.

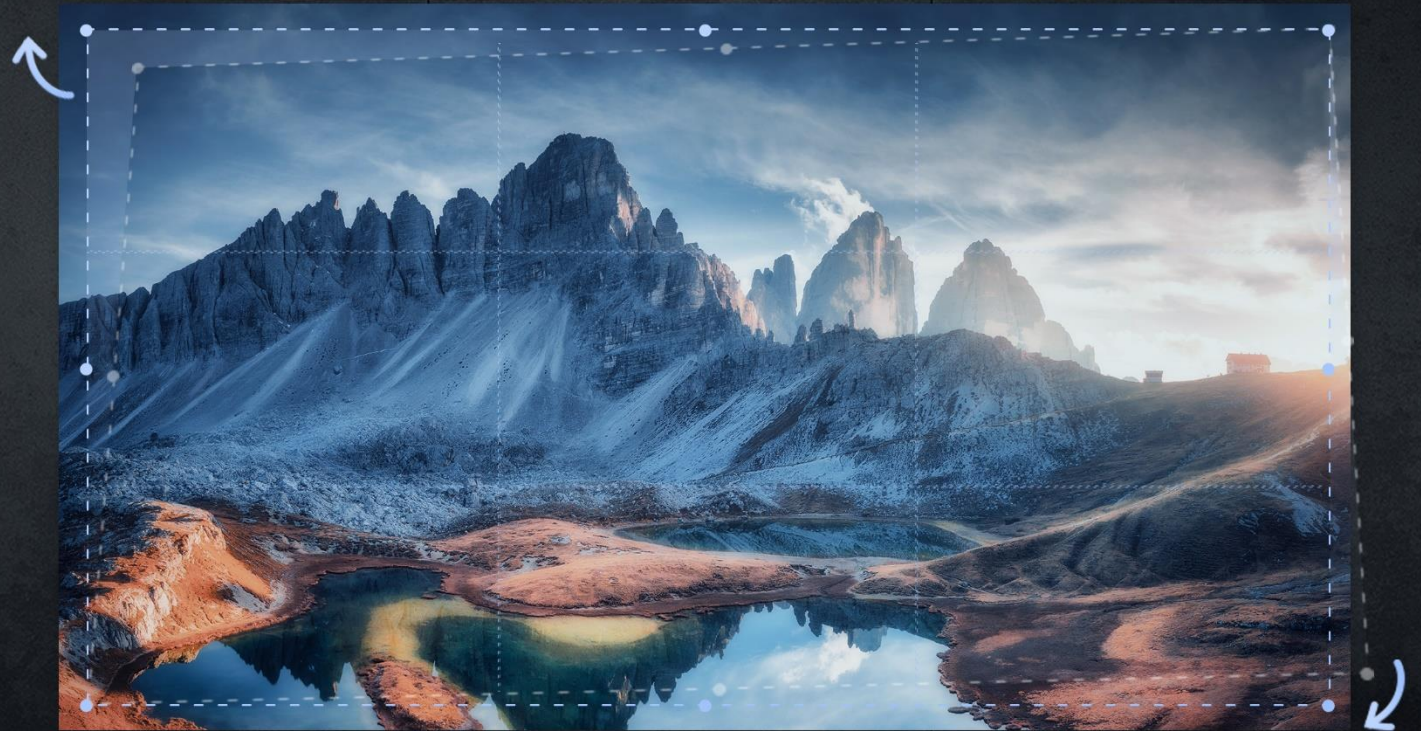

*Function active when blockage within 50cm.

Simplify Your Life with the Help of Calibration

Auto Geometric Calibration

Place the PL1H Laser cinema within an appropriate position in front of the screen or the wall, active the auto geometric calibration function to solve the problem of image and screen alignment which greatly makes Laser projector simplicity use.

25000

Designed for Longevity

25,000+ Hours Longevity

Enjoy 25,000+ hours of entertainment. That's over 10,000 movies, or over 18 years if you were to watch for 4 hours every single day!
